

Dear beloved benefactors,

The year 2024 has been filled with challenges, yet it has also been a year in which The Children of Vietnam Charitable Fund (CVCF) has received immense generosity and unwavering support from compassionate hearts. In the face of adversity, **we have come to deeply appreciate the power of kindness—when brothers, sisters, friends, and even strangers unite to bring hope to children in need.**

Thanks to the steadfast support of our benefactors and corporate partners, countless children suffering from severe illnesses and congenital disabilities have received timely medical intervention, reclaiming their health and a brighter future. In addition to financial and in-kind contributions, **we extend our deepest gratitude to FV Hospital, Ho Chi Minh City University of Medicine and Pharmacy Hospital, Ho Chi Minh City Hospital for Rehabilitation and Occupational Diseases, and Children's Hospital No. 2.** We also sincerely appreciate the dedicated doctors and healthcare professionals who have worked tirelessly throughout 2024 to safeguard the well-being of these children.

Beyond the number of treated cases, the most profound impact is the spread of compassion—an enduring flame that never fades. The collective efforts of our benefactors, corporate sponsors, and medical teams reaffirm that, even amidst the demands of daily life, love and generosity remain ever-present, creating true miracles for those in need.

As we step into 2025, we sincerely hope that The Children of Vietnam Charitable Fund will continue to receive the trust and support of our benefactors, corporate partners, and healthcare professionals. The road ahead remains challenging, but with compassionate hearts like yours, we are confident that even more children will be given the opportunity to thrive.

We are pleased to attach the **CVCF Annual Report 2024**, a testament to the positive changes we have made together over the past year. Every contribution—whether big or small—not only transforms the lives of these children but also strengthens our commitment to continue this mission.

Once again, we extend our deepest appreciation to our benefactors, corporate sponsors, hospitals, doctors, and medical collaborators. Thank you for being a steadfast pillar of support on this journey.

Sincerely,
The Children of Vietnam Charitable Fund
